

TEAM BUILDING for BUSINESS

WEA Illawarra Team Building programs provide high quality, value-for-money activities tailored to the individual needs of our clients. We create imaginative programs with enthusiasm and flair, planning every detail to ensure that your expectations not your budget, are exceeded.

TEAM MASTERCHEF

Let our highly talented and qualified cooking instructors facilitate a fun and delicious team experience! From cooking demonstrations through to group participation, you will be sure to learn a thing or two about your colleagues, and maybe some new skills in the kitchen!

ARTRAGEOUS

Harness your team's creative abilities and maybe even create some original artwork for your office or workplace.

DRUM TO THE BEAT!

Let our rhythmic and talented instructors provide a team building experience like no other! Work together as a team to create an African Rhythm while exploring and developing your own musical talents (musical talents not necessary!!!!).

ACTIVE, HEALTHY and FUN!

Look after your team's health and wellbeing or simply just clown around!
